###

United Way of Broome County unites donors, volunteers and community organizations in a common mission to drive change that will have a positive impact on the critical needs of our community by strategically leveraging the collective resources of community partners. Our focus is on Basic Needs, Health, Education, and Financial Stability. These are the building blocks for a good life and the cornerstones of a strong community. By combining contributions from individuals and organizations, United Way generates a larger pool of dollars and expertise to tackle the issues that matter most, to help those who need it the most, in ways that achieve the greatest impact. Our work is personal enough to change lives and powerful enough to improve conditions across the community we serve. United Way invites people to come together, LIVE UNITED and create the change we want to see.
